

2023 Pricing Guide

I'm so glad you've inquired about my collections and pricing, and certainly hope to work with you! If you are interested in a custom package, or don't see something you're looking for let me know, I'm happy to customize collections to suit your specific needs.

Planning a wedding can be so exhausting, with so many decisions to be made. My aim is to make the photography part of your plans seamless and stress free.

Before your wedding I will work closely with you to fashion a workable, smooth timeline. You will get lots of valuable suggestions about the best locales for photos and help in coming up with a practical, diplomatic formals list that will keep both you (short and sweet) and your families (don't forget anyone!) happy .

You'll also receive an extensive pdf listing all the wedding day tips I've gathered through the years. Great wedding photography is a collaboration, and there's a lot you can do to help ensure you love your photos.

After your wedding the photos will be professionally edited and delivered to you within 4-6 weeks. You will receive 1200 photos at minimum (often many more). The photos will be available on a beautiful website and ready for immediate download.

Moving Forward with booking:

If you would like to move forward with booking (and I hope you do :) let me know as soon as possible. I receive a lot of inquiries, often for the same dates, so it is important for you to lock in your date as soon as you can.

To book, let me know and I will email you an Adobe PDF contract which you fill out and email back.

The retainer is one half of the contracted package price. The remainder is due one month before your wedding.

I am happy to 'pencil you in' for five business days while you fill out the contract and get the retainer to me. I can't hold dates any longer once you've indicated a desire to book in the interest of fairness.

Many thanks, and I hope to hear from you soon!
